JUST BECAUSE IT LOOKS SECURE DOESN'T MEAN IT IS.

OR IS IT?

Attackers know exactly what we trust.
Today's scams don't look suspicious.
Many look legitimate.

SEEING ISN'T BELIEVING.
In the age of AI, appearances can be faked.

VERIFICATION IS EVERYTHING.
Independently confirm before you trust.

THINK BEFORE YOU CLICK.
Critical thinking is your best defense.

HUMAN JUDGMENT STILL MATTERS.
Technology can help, but you are the last line of defense.

BEFORE YOU CLICK, APPROVE, SCAN, OR VERIFY... TAKE A MOMENT.

PAUSE
Don't react.
Take a breath.

VERIFY
Check independently.
Use trusted channels.

THINK
Is this expected?
Does this make sense?

TRUST IS GOOD. AWARENESS IS BETTER.

STAY HUMAN. STAY SAFE.
