VERIFY YOU'RE HUMAN

BUT WHO'S VERIFYING YOU?

Cybercriminals are now mimicking the same verification prompts we've been trained to trust.

⚠

The human isn't always verifying the system. Sometimes the system is verifying the human... for the attacker.

Cybercrime losses reported by Americans exceeded **$16 BILLION IN 2024**

Social engineering and impersonation attacks continue to rise.

Source: FBI IC3 2024 Report

BEFORE YOU CLICK, APPROVE, SCAN, OR VERIFY...

PAUSE	CHECK	THINK	INSPECT	PROTECT
Don't rush.	Who's asking?	Is this expected?	Verify the source.	Your identity.

TRUST IS GOOD. AWARENESS IS BETTER.

STAY HUMAN. STAY SAFE.
